

# GUN-FREE BUSINESSES IN OVERLAND PARK

---

Management at the following Overland Park businesses locations have posted, or said they would post, No-Guns-Allowed signs. Most were put up after the city began allowing the open carry of firearms. Please patronize these merchants whenever possible, and let someone working there (preferably a manager) know you appreciate the sign. If you're at a business with no sign, consider asking them to put one up.

If you do not see a sign at one of these locations they either have not gotten around to posting one, or changed their minds. If you have time, ask why they don't have a sign.
